## Medina Village Board Meeting

### DPW Report

New woodchipper has been purchased crew is very happy with it

The new truck lift was installed in the shop very pleased with that

Crews did some milling and blacktop patching around town. Hopefully can do a little more while the weather is still descent

Had Niagara County water come out and assist with cleaning and maintenance on the fill valve for the water tank

Crews will start around the first of November with leaf and brush pick up

Tree crew has been cutting some smaller trees that they can get with the small bucket truck while the big bucket truck is out of service

Been fixing some catch basins and manholes

Replaced a leaking valve on Mahar st today

Hopefully will have some new water meters in a couple weeks that we've been waiting for over 6 months

I attended the NYCOM conference at the beginning of the month, got some very good information

Attended pavement maintenance class last week

Hometown hero banners will come down on November 14<sup>th</sup>

Christmas decorations will go up the week of November 21<sup>st</sup>
