Mayor Sherman said Jacob Hebdon was in attendance representing the Boxwood Cemetery Commission to present the Boxwood Cemetery Rules, Regulations and By-Laws. Trustee Padoleski thanked the Commission, stating this was a long time coming and a lot of work was put in by the Commission developing the By-Laws.

Mr. Hebdon said the By-Laws were created taking into consideration input from the Superintendent of Public Works, Dale Short, Funeral Directors and those assisting in the burials. He said other cemetery by-laws were researched and reviewed. He thanked the Commission members and said the quote in the beginning of the by-laws, "Show me the manner in which a nation cares for its dead and I will measure with mathematical exactness the tender mercies of its people, their respect for the laws of the land, and their loyalty to high ideals", (Sir William Ewart Gladstone), said it all and that he hoped the Village Board also shared that sentiment.

Ms. Carol Callina commented on how great Boxwood looks. Mr. Hebdon said Dale Short is an asset to the cemetery.

Trustee Marciano asked who would be policing the provocative behavior. Mr. Hebdon said it makes sense to be more thorough. The cemetery demands respect from those who enter there, and he referenced the quote on the first page. He said to set the bar high and that the quote speaks to the conduct of the cemetery.

Trustee Marciano said she does not want her thumb on that. Mayor Sherman asked if she was recommending amending that portion of the by-laws. Trustee Padoleski said originally that was her concern as well, how something could be interpreted. She said the by-laws does set a standard of behavior and it speaks to something else entirely. She trusts Mr. Hebdon’s thoughts on being thorough with the by-laws.

A motion was made by Trustee Prawel and seconded by Trustee Padoleski. The Boxwood Cemetery Rules, Regulations and By-Laws as presented are adopted.

Mr. John Dieter said the wood frame structure would stay up year-round and the nets will be maintained by Loyal Baseball. Trustee Marciano asked if the wood be treated. Mr. John Dieter said it would be pressure-treated wood and should last fifty years. Mr. John Dieter said he and Jimmy Dieter would talk with the Code Enforcement Officer and the Superintendent of Public Works on the next steps, digging requirements and permits.
